

Pregnancy Helpline’s Safe Sleep program is designed to help parent(s) who have exhausted all other resources in finding a crib for their child. The program works on a first come, first serve basis. There is no waiting list. At the time of your baby’s birth, if we have a portable crib available, we will deliver it to you. We offer the portable cribs to families for children 18 months or younger. No portable cribs are delivered until the baby is born and at home.

1. Complete the contract in full, and mail it in the enclosed self-addressed envelope. Your contract will be held until the birth of your baby.
2. Call Pregnancy Helpline at 222-0008 when you are home from the hospital and we will deliver the portable crib.
